CAMP MEMBERS TO FURNISH TALENT FOR CAMP NIGHT PROGRAMS

There is considerable talent in any CCC camp and this camp is no exception. It is believed that the Indians of Co. 1583 will enjoy these programs and at the same the participants will be able to develop their resective talents. On a later date, outside talent will be brought in to contribute to the success of the programs. Many programs of this sort have been given in this camp previously and they proved quite successful.

BIG CHIEFS OF CAMP CALUMET HOLD HEAP BIG POW WOW

Members of Camp Calumet's leader group held a big pow wow in their Chief's Lodge (Orderly Room) on Friday evening to map a plan of War on the Mediocrity Tribe. The meeting was an enthusiastic one and is on record as endorsing a plan to make things quite lively in the confines of Old Camp Calumet.

One of the campains initiated was that of a series of pool and ping pong tournaments to begin immediately. This series of contes's will produce a winner in each division through a process of inter-barrack contests. The winner will receive a valuable prize in each division to be awarbed by the Big Chief of all the Indians in camp

In a consolation torunament some time after the first of the year, the winner in pool will play the CEA and the winner in ping pong, will play the C. O. This should be an interesting phase of the series of contests.

This series of recreational games will in no way interfere with the educational program but will de correlated with it. Those who have no ciasses will be in one of the contests in progress.

All the leaders and Assistant Leaders have organized a club that will sponsor these activities and form a permanent organization with officers duly elected by the group. Regular weekly meetings will be held in the Educational Building.

Another activity that will be sponsored by this group will be a basketball team. This team will begin it's pre-season practice Friday of this week, Dec. 19, at Cook's Corners High School.
